

MINA ZAYED HARBOUR MASTER DIRECTION

Rig, Jack-Up / Accommodation Barge Calling Mina Zayed Port Limits

To: All Port Users & Vessels' Agents

In order to reduce risk accompanying subject vessels during their stay in port, ensure port safety and the effective evacuation during emergencies, with immediate effect, all mobile offshore structure or units including MODUs, including Self-Elevating Drilling Units, Column-Stabilized Drilling Units, Jack-Up barges, and any other type of Oil-Rigs or Accommodation Barges fitted with movable legs or footings are required to have a standby tug accompanying the unit at all time during the stay in port.

Any unit requesting to lower the legs is subject to the Harbour Master approval on a case by case study.

Your compliance with the above is requested.

Captain / Hazzaa Al Junaibi
Mina Zayed Harbour Master
