

NOTICES TO MARINERS

ALL PORTS – ISSUE OF PERMIT(S) TO WORK To: All Ports Users, Agents and all other concerned parties

It is essential that anyone undertaking hazardous work demonstrates that they have followed an appropriate risk management process to identify and minimize any hazard associated with the proposed work aiming for safe completion of work for which A "Permit to work" (PTW) is issued.

It is mandatory to fulfill the requirements set out in the AD PORTS IHSEMS - PSS-HSE-400 PERMIT TO WORK SYSTEM procedure in order to execute effectively the issue and closeout of a PTW.

Permit Applicant shall apply for PTW for Marine activities to VTS, at least 24 hours prior to the commencement of the work.

Marine Permit to work is necessary for the following activities as a minimum,

ACTIVITY	FORM NUMBER
CONFINED SPACE ENTRY	PSS-FRM-M-400-002
MARINE HOT WORK	PSS-FRM-M-400-003
MARINE WORKING AT HEIGHT	PSS-FRM-M-400-004
BUNKERING, LUBE OIL, SLUDGE & BILGE TRANSFER	PSS-FRM-M-400-005
DIVING	PSS-FRM-M-400-006
WORKING OVERWATER (OVER-SIDE)	PSS-FRM-M-400-007
VESSEL UNDERWATER CLEANING	PSS-FRM-M-400-008

All owners, agents, charterers, shall ensure that the content of this notice is made known to the masters or persons in charge of their vessels and crafts.
