Subject: Poorly Stowed Cargo

Dear Valued Agents,

Abu Dhabi Ports would like to take this opportunity to thank you our valued customer for your on-going support.

Recently we as Abu Dhabi Ports have witnessed an increase in the number of vessels that contain "Poorly Stowed Cargo" and or shipments that arrive in a mixed condition.

This has a significant impact towards productivity and or the total operational cost, as Abu Dhabi Ports is required to ultimately re-sort the cargo after the completion of operations.

With this in mind we would like to draw your attention to Tariff Item 208 that states:

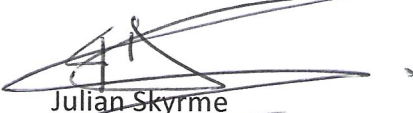

208 SORTING TO BILL OF LADING- SUBMARKS, NUMBERS OR SIZES

Goods are required to be landed to Bill of Lading. Where Bills of Lading are landed in mixed condition and require to be sorted in order to meet delivery requirements, a charge of AED 21 per FRT will be applied against that portion of the goods requiring sorting.

In summary with immediate effect we as Abu Dhabi Ports reserve the right to apply Tariff item 208 in addition to normal port handling charges for any cargo that arrives in a mixed condition.

If you require any further clarification and or assistance, please feel free to contact the customer service team on email: customerservice@adports.ae or toll free number 800 10 20 30
