

WORLD CLASS MARINE SERVICES

BUILDING ON AGE-OLD MARITIME TRADITIONS

Fifteen hundred years ago, Islamic knowledge of geography and navigational sciences were highly developed (Astrolabe Ahmed Bin Majed).

We were making use of magnetic compasses and instruments for determining the position of the stars, thus allowing sailors to navigate across uncharted oceans.

These brave seafarers helped the Arab empire to create a vast trading network across Asia, Africa and Europe.

SAFEEN - which means ships in Arabic - builds on these strong maritime traditions. Today, SAFEEN is expanding its own business base as we aspire to be world-class in every aspect of our modern operations.

VISION

To be the preferred provider of world class integrated marine and port services

MISSION

To provide Abu Dhabi Ports and the wider maritime community with the most efficient and sustainable operations, by delivering world class marine and port services, offering best value whilst maintaining the highest levels of safety, compliance and respect for the marine environment

WELCOME TO WORLD CLASS MARINE SERVICES

Established in 2013, SAFEEN is a subsidiary of Abu Dhabi Ports. We provide a comprehensive range of marine and ancillary quayside services to all vessels calling at seaports in the emirate of Abu Dhabi. With over 200 extensively trained and certified staff operating a modern fleet, we offer innovative services at world class standards. We know that we're only ever as good as our last job and that we can always improve. That's why every detail matters and personal responsibility is considered paramount.

FIVE WAYS WE SPELL COMMITMENT: ISO, ISM, IALA, OHSAS AND ISPO

Our accreditations and certifications speak for themselves. Our staff and services meet and exceed internationally recognized requirements in pursuit of our ultimate goal: to be the best at what we do. With the latest equipment, continuous training, as well as an innovative portfolio of services, we are working hard to position SAFEEN as the leading single-window resource for all marine related requirements in the Middle East.

COMPLIANCE | Port Authority and regulator-owned company

SELF-RELIANCE | Not dependent on external contractors

CERTIFICATIONS | ISO 9001:2015 | ISO 14001:2004 | ISM | OHSAS 18001:2007 | IALA | ISPO

STANDARDS | Setting operational benchmarks for the region

COMMITMENT | Training to develop local marine talents

OUR MISSION IS ALWAYS SAFETY AND QUALITY FIRST

PILOTAGE

Our skilled team of experienced and certified marine pilots work hard to ensure uninterrupted port activities 24 hours every day, 365 days a year. In close coordination with "Vessel Traffic Services" (VTS) and towage, our pilots board vessels on time and professionally assist shipmasters in bringing their ships in and out of ports.

TUG AND TOWING SERVICES

Our team of certified tug masters and our fully trained crew have full knowledge across vessel types, from floating offshore infrastructure to post-Panamax container ships. Their detailed local knowledge, combined with our fleet of advanced tugs, makes for safe, reliable and efficient turnarounds.

VESSEL TRAFFIC SERVICES (VTS)

Our advanced radio communication and radar surveillance technology, combined with highly trained VTS supervisors and operators, provides safe, timely and reliable services to all visiting ships. Our centralised VTS station operating from Khalifa Port keeps efficient track of ship movements, positively impacting efficiency and turnaround speeds.

OUR FULL RANGE OF MARINE SERVICES

OIL SPILL RESPONSE AND MARINE EMERGENCIES

We manage and operate our own tier-one oil spill response equipment and have standby agreements with market leaders to combat tier two and tier three spills.

FERRY MANAGEMENT

Our high-speed craft transport passengers between Delma Island and Mugarag Port.

FENDER LEASING

We supply Yokohama fenders for hire to vessels in Abu Dhabi Ports.

BUNKERING AND ANCILLARY SERVICES

We provide a single point of contact for bunkering, ship-to-ship transfers, freshwater supplies, garbage disposal, and the issuance of a full range of marine permits.

DIVING

Our diving services include underwater filming, photography, installation and repair of pontoons, hydro blasting and videography.

BOLLARD PULL TESTING SERVICES

We provide certified bollard pull testing at Khalifa Port and Zayed Port.

WORKING HARD TO GUIDE YOU HOME

AtoN
Established to be compliant with IALA maritime buoyage standards, we maintain over 1,200 buoys and beacons that facilitate the safe and efficient movement of shipping in Abu Dhabi's waterways and channels. We also perform regular channel inspections and work to enhance the protection of the maritime environment.

BATHYMETRIC SURVEY SERVICES
We provide bathymetric survey services for any requirements within Abu Dhabi waters. Our competent (IHO) accredited team have exceptional experience. We work to measure and describe the physical features of oceans, seas, coastlines, and predict changes over time to enhance navigational safety and to support our other marine activities.

OUR APPROACH IS PROFESSIONAL, CONSISTENT AND TRANSPARENT

Our commercial team is constantly exploring opportunities to develop new channels for business and enhance existing lines for improved efficiency. Our aim is to stay at the forefront of the region's marine services, as we seek to gain significant shares of the market with our professional, consistent and transparent approach.
